Subject: CES Community Meeting

All,

Just received a call from the President of the Old Spanish Trail (OST) Community Partnership Dr. Tebby McDavid. She extended an invitation to the CES site team / Texas State Department of Health, to speak before their meeting Monday, February 23, 2014 at Palm Center in Judge Burney's Courtroom, 7 p.m. Apparently, the OST Community Partnership is a coalition of 55 civic clubs including the MacGregor Trail Civic club we have been in contact with recently.

Dr. McDavid says she has followed progress at the site for a while and is disappointed she was not aware of our last meeting. She says the EPA can have the floor at their meeting for 1 hour and 15 minutes. How should we proceed? Her contact information is as follows:

Dr. Tebby McDavid

(b) (6)

Respectfully,

Joan Drammeh
